Subject - Draft Bye-laws regulating the water supply in Nandya Town Municipality

---

In forwarding herewith correspondence ending with letter No C 203-5 dated 11th September 1937, from the Director of Health in Mysore, Bangalore, regarding the above, I have the honour to state that the draft bye-laws for regulating the water supply in Nandya Town were published locally, calling for objections, if any After the expiry of the period, the objection - petitions received were considered by the Municipal Council at the meeting held on 3rd July 1937 and certain changes were also effected in the bye-laws as per suggestions given The Director of Health, who was consulted in the matter, has approved the - bye-laws except Section No 11, for which certain changes have been proposed by him

2 I request that sanction of Government may kindly be obtained to the bye-laws regulating the water supply in Nandya Town Municipality

I have the honour to be,
Sir,
Your most obedient servant,

Ramachandra Rao

For Deputy Commissioner,
Mysore District
(absent from Station)

KRG-2

MANDYA TOWN MUNICIPALITY

Byelaws regarding the Water Supply to the Town of Mandya framed by the Municipal Council under Section 48(m) of the Mysore Municipalities Regulation VIII of 1933

1 No person shall

(a) remove, break, injure or open any cock, lock, valve pipe part of engine belonging to or under the control of the Municipality in connection with the water supply or

(b) flush or draw off any water in or derived from any such water work or do any act whereby the water in any pipe or water work is likely to be wasted or contaminated, or

(c) obstruct, divert or in any way injure or alter any water main, sub-main or duct

2 The water supplied by the Municipal Council is intended primarily for domestic use and therefore water from a public stand post or tap shall not be taken for garden irrigation, building purposes or for other non-domestic purposes In such cases, the previous sanction of the President should be obtained in writing on such payment and under such conditions as may be settled by the Municipal Council provided that the use of water from the Public Taps for non-domestic purposes mentioned therein shall not be permitted unless there is sufficient supply of water at the tank or source.

or

3 No person shall bathe/wash an animal, vehicle, clothes or utensils at any public stand posts or taps, which are ~~not~~ specially set apart for such purposes

4 No person shall do anything to damage or disfigure the stand posts or platforms or to obstruct the free flow of water from the platform

5 No person shall water any animal at any public stand pipe or cistern, except at places prescribed by the Municipal Council for the purpose by notice posted thereat

6 In cases of emergency, the President or his authorised agent may, at any time with previous public notice by beat of tom tom, stop the supply of water if it appears to be unfit for use by the public

7 The President or his authorised agent in writing shall have power to stop or reduce the supply in any public main or sub-main for repairs or renewals without any notice But when such stoppage is over an extensive area or is likely to occupy more than 8 hours or is due to exigencies which can be foreseen, such previous notice as is possible under the circumstances will be given by general tom tom.

8 Application for house connections from the public mains or sub-mains are to be made in the prescribed form with the necessary plan and estimate prepared by a licensed plumber to the President who in consultation with the Bureau of Sanitary Engineering is authorised to comply with such requisitions by owners of property who are required to lodge with him or his agent the cost of the attachment as specified below -

½" attachment - Rs ~~1-8-0~~ 1-0-0

" attachment - Rs ~~2-0-0~~ 1-8-0

After the house connection estimate is sanctioned the rest of the transaction will be entirely between the owner and the plumber and the municipality will not interfere in the matter of settlement of claims etc, between the owner and the contractor

9 Private house service connections will be limited to houses paying a house or shop tax of not less than Rs 5/- a year in localities where a supply can be given without detriment to street service, provided there are facilities to make proper arrangements for ~~xxxxxx~~ draining off the waste water to the Municipal drains

10(a) The number of taps to be given in any dwelling house will be limited to a maximum of 3

For houses taking ¾" connection a monthly fee of Re 1-0-0 and those taking ½" connection Rs 2/- will be charged Re 1-8-0

For temples, mosques, Churches and their Establishments

(b) An extra rate of Rs 2/- or Re 1/- will be levied at the discretion of the President, for houses with gardens

Non-domestic connection will be charged for all water ~~for~~ thousand gallons

11 The Municipal Council in consultation with the ~~Department of~~ Bureau of Sanitary Engineering may give connection to factories, firms, and Railways or any other Non-domestic purpose, if the entire cost of the pipe-line is borne by such factory, firm or Railway provided such water connection does not interfere with the normal supply of water required for the Municipal Area The cost of the meter will be borne by the Municipality and it will be their property The cost of fixing the meter in especially constructed meter cistern provided with iron door and locking arrangement will however be borne by the factory, firm etc The meter will be fixed in the cistern by the Municipality and will be under lock and key and in the custody of the Municipality

13 For all connections where a water meter is [illegible] charge of 4 annas per month shall be levied as the rent for the meter, in addition to whatsoever charge may be due for the water consured, provided that for the periods when the meter is out of order no rent shall be charged

14 If the owners or occupiers of such houses or property are to vacate or abandon such houses or property either temporarily or permanently, the responsibility of informing in writing to the President or Vice-President shall rest upon such owners or occupiers before the 5th of every month signifying their intention not to use the water till they re-occupy the house or property and upon such application, the President or Vice-President shall arrange to cut off the water connection In the case of houses or property remaining temporarily vacant for more than a month and a half the usual meter rate will be charged, but in the case of such temporary vacancy for a month, no reduction shall be made nor refunded

15 Service pipes to private properties shall be laid by Plumbers duly licensed by the Municipal Council on approved plans and estimates and specifications under conditions and rules sanctioned by the Municipal Council

(a) The final connection between the private service pipes and the public water mains shall not be allowed until the work is inspected by the President or Vice-President or their authorised agent

(a) No alteration or extension of private connections shall be allowed without previously obtaining the sanction of the President and such works shall be carried out only by licensed plumbers

(b) Repairs may, however, be carried out by the owners or occupiers of property after giving intimation to the President or Vice-President in writing of the nature of the repairs to be done, the work being entrusted to the licensed plumbers only

16. The water rate and water rent or any other charges due under these rules shall be collected or caused to be collected by the Vice President or their authorised Agents every month in advance from the owners or occupiers of such property. The owners or occupiers of such property shall be solely responsible for the payment of all charges or rates or rents and all such dues under these byelaws shall be collected as a - Municipal demand and shall be subject to the same conditions as are provided in the Town Municipalities Regulation 1973, provided that the bill shall be served or presented to the owners or occupiers liable to such water rate, meter rent or other charges only once and for the first time and the Council shall not be bound to serve such bills at the beginning of every month unless there be an alteration or enhancement or reduction as the case may be, in which case a separate bill shall be presented or served.

(a) The Municipal Council may receive payment from the agent or the occupier.

(b) In order to facilitate the adjustment of accounts between the owner of a house or property and his tenant or occupier, the President or Vice President shall, when required in writing, furnish a memorandum showing the consumption and probable charges on account of water rate and meterrent for any broken period of the month since the preparation of the last bill in his office.

17 Arrangement will be made to read the meter as far as possible within the 5th of every month The meter reader will leave, with any available person in the house a slip showing the consumption of water during the preceding month

In calculating the charge under the clause of metering, the quantity of 500 gallons and below shall not be charged but when it is over 500 gallons, it shall be charged as if it were 1000 gallons

18 All complaints regarding the accuracy of the reading or the non-receipt of slips referred to in rule 16 supra should be made in writing to the President or Vice President within the 10th of the month concerned, after which no complaints will be entertained -

19 Any owner or occupier of a house or property having a water connection who may suspect or dispute the accuracy of the measurements indicated by water meter, may apply to the President or Vice-President and have the meter tested on payment of a fee of rupee one for test If, on actual test, the quantity registered by the meter exceeds 10% of the correct quantity, the fee will be refunded to the party concerned, otherwise it will be credited to the Municipal Funds

20 The Municipal Council reserve to itself the right to test any meter for its own satisfaction at any time Due notice shall however, be given to the owner or occupier of the house or property concerned

21 If, on examination, any meter is found to be out of order and consequently not registering correctly, the consumption during the period since the last reading till the meter is repaired or a new meter is attached shall be calculated at the average daily consumption of the last registered period during which, in the opinion of the President or Vice-President the meter was registering correctly and the consumption of water was not for any reason abnormal

22 The President, Vice President or their authorised agent may, at all reasonable times, and with the permission of the owner or occupier, if the permission be refused after giving six hours notice, enter any premises in which there is a water connection in order to inspect and examine or repair the same

23 The President, Vice President or their authorised agent shall have the power to cut off connection between the private pipes and the public main in any of the following cases -

(a) in default of payment of the water rates and other charges due under the rules, on any bill presented within 15 days after the same shall have been demanded in writing or presented

(b) if any house owner or occupier who is supplied with water shall use or permit the use of water for purposes in violation of the conditions on which the connection is granted, provided that 5 days previous notice is given in writing

(c) in cases of leakage of pipes or other defects in the private service, likely to cause loss to the Municipality provided that 48 hours notice is previously given In Nelcunnum 24 hours notice is given

(d) if water is allowed to run to waste after the owner or occupier has been warned against allowing such waste by a printed or written notice of six hours or such shorter period as the President or Vice-President deems fit

(e) in any case of broken pipes or fittings causing loss of water likely to cause damage to property when such written notice as may be possible shall be given

(f) in any case of refusal to allow the President, Vice President or their authorised agent to enter on any land or building for the purpose of inspecting service pipes, fittings etc, after six hours notice

24 The Bye-laws 2,3 4,5,6,7 and 20 stated above shall apply to public street fountains which have been or may be allowed to be erected at the expense of the private ~~xxxxxx~~ individuals for dedication to public use, and such fountains shall be further subject to the following conditions -

(a) that their number is strictly restricted by the bona-fide public requirements of particular localities which shall be decided by the Municipal Council,

(b) that they are not placed closer to any other public fountain than the minimum prescribed distance of 200 feet

(c) that their free and unobstructed use at all hours by the public for the use for which they are intended, is duly safe-guarded

25 Any person whose house connection is stopped for non-payment of dues or leakage etc mentioned in Rule 23 should pay a fee of Rs 1/- for reconnecting the same

26 The Municipality reserves to itself the power, whenever it deems fit, to alter or modify the foregoing rules or to abolish altogether the system of house connections established thereunder or to stop or to reduce the supply to any private attachment or any public fountain with at assigning any reason whatsoever

27 Any person infringing any of these bye-laws shall be liable to be punished with a fine not exceeding fifty rupees on conviction before a Magistrate

Secondum G.O. No. H 3859-61 dt 74-37-A dated 29/10/37

MANDYA TOWN MUNICIPALITY

Bye-laws regarding the Water Supply to the Town of Mandya framed by the Municipal Council under Section 48 (1) (M) of the Mysore Town Municipalities Regulation III of 1933

1 No person shall

(a) remove, break, injure or open any cock, lock, valve pipe part of an ire belonging to or under the control of the Municipality in connection with the water supply or

(b) flush or draw off any waterin or derived from any such water work or do any act whereby the water in any pipe or water work is likely to be wasted or contaminated, or

c) obstract, divert or in any way injure or alter any water main sub-main or duct

2 The water supplied by the Municipal Council is intended primarily for domestic use and therefore water from public stand post or tap shall not be taken for garden irrigation, building purposes or for other non-domestic purposes In such cases, the previous sanction of the President should be obtained in writing on such payment and under such conditions as may be settled by the Municipal Council provided that the use of water from the Public Taps for non-domestic purposes mentioned thereinshall not be permitted unless there is sufficient supply of water at the tank or source

3 No person shall bathe or wash an animal, vehicle clothes or utensils at any public stand posts or taps, which are not specially set apart for such purposes

4 No person shall do any thing to damage or disfigure the stand posts or platforms or to obstruct the

free flow of water from t e platform

5 No person shall water any animal a t any public stand pipe or cistern, except at places prescribed by the Municipal Council for the purpose by notice posted thereat

6 In cases of emergency, the President or his authorised agent may at any time with previous public notice by beat of tom tom stop the supply of water if it appears to be unfit for use by the public

7 The President or his authorised agent in writing shall have power to stop or reduce the supply in any public main or sub-main for repairs or renewals without any notice But when such stoppage is over an extensive area or is likely to occupy more than 8 hours or is due to exhigencies which can be foreseen, such previous notice as is possible under the circumstances will be given by general tomtom

8 Applications for house connections from the public mains or sub-mains are to be made in the prescribed form with the necessary plan and estimate prepared by a licensed plumber to the President in consultation with the Bureau of Sanitary Engineering is authorised to comply with such requisitions by owners of property who are required to lodge with him or his agent the cost of the attachment as specified below -

½" attachment	Rs 1-0-0
¾" attachment	Rs 1-8-0

After the house connection estimate is sanctioned the rest of the transaction will be entirely between the owner and the plumber and the Municipality will not interfere in the matter of settlement of calims etc , between the owner and the contractor

9 Private house service connections will be limited to houses paying a house or shop tax of not less than Rs 5/- a year in localities where a supply can be given without detriment to street service, provided there are facilities to make proper arrangements for draining off the waste water to the Municipal drains

10 (a) The number of taps to be given in any dwelling house will be limited to a maximum of 3

For houses taking ½" connection a monthly fee of Re 1/- and those taking ¾" connection Rs 1-8-0 will be charged

~~(b) An extra rate of Re 1/- will be levied for all water drawn at rupee one for thousand gallons~~ For temples Mosques Churches and other similar religious and charitable institutions, ¼ of the above rate shall be levied

(b) An extra rate of Re 2/- or Re 1/- will be levied for all water drawn at rupee one for thousand gallons

11 The Municipal Council in consultation with the water Works Department (Bureau of Sanitary Engineering) may be give connection to factories, firms and Railways or any other Non-domestic purpose, if the entire cost of the pipe-line, is is borne by such factory, firm or Railway provided such water connection does not interfere with the normal supply of water required for the Municipal Area The cost of the meter will be borne by the Municipality and it will be thier property The cost of fixing the meter in aspecially constructed meter cistern provided with iron door and locking arrangement will however be borne by the factory, firm etc The meter will be fixed in the cistern by the Municipality and will be under lock and key and in the custody of the Municipality

12 For every connection given for non-domestic purposes such as garden, factories, presses etc , there shall be provided at the consumer's cost and maintained in due working order,

a water meter for guaging the water consumed The word 'garden' here does not include garden in compound of a swelling houses

13 For all connections where a water meter is fixed, a charge of 4 annas per month shall be levied as the rent for the meter, in addition to whatsoever charge may be due for the due for the water consumed, provided that for the periods when the meter is out of order no rent shall be charged

14 If the owners or occupiers of such houses or property are to vacate or abandon such houses or property either temporarily or permanently, the responsibility of informing in writing too the President or Vice-President shall rest upon such owners or occupiers before the 5th of every month signifying their intention not to use the water till they re-occupy the house or a property and upon such application, the President or Vice-President shall arrange to cut off the water connection. In the case of houses or property remaining temporarily vacant for more than amonth and a half the usual meter rate will be charged, but in the case of such temporary vacancy for a month, no reduction shall be made nor refunded

15 Service pipes to private properties shall be laid by Plumbers duly licensed by the Municipal Council on approved plans and estimates and specifications under conditions and and rules sanctioned by the Municipal Council

The final connection between the private connections and service pipes and the public water mains shall not be allowed until the work is inspected and passed by the President or Vice-President or their authorised agent

(a) No alteration or extension of private connections shall be allowed without previously obtaining the sanction of the President and such works shall be carried out only by licensed plumbers

(b) Repairs may, however, be carried out by the owners or occupiers of property after giving intimation to the pPresidemtn or Vice-President in writing of the nature of the reparr to be done, the work being entrusted to the licensed plumbers only

16 The Water rate and meter rent or any other charges due under these rules shall be collected or caused to be collected by the President, Vice President or their authorised agents every month in advance from the owners or occupiers of su property The Owners or occupiers of such property shall be solely responsible for the payments of all charges or rate or rent and all such dues under these byelaws shall be collected as a Municipal demand and shall be subject to the the same conditions as are provided in the Town Municipalities Regulation 1933, provided that the bill shall be served or presented to the owners or occupiers liable to such water rate, meter rent or other charges only once and for the first time and the Council shall not be bound to serve such bills at the beginning of every month unless there be an alteration or enhancement or reduction as the case may be, an alternation or enahcnement or reduction as the case may be, in which case a separate bill shall be presented or served

(a) The Municipal Counicl may receive payment from the agent or the occupier

(b) In order to facilitate the adjustment of accounts between the owner of a house or property and his tenant or occupier, the President or Vice President Shall, when required in writing, furnish a memorandum showing the consumption and probable charges on account of water rate and meter rent for any broken period of the month since the preparation of of the last bill in his office

Arrangement will be made to read the meter as far as possible within the 5th of every month The master reader will leave with any available person in the house a slip showing the consumption of water during the preceding month

In calculating the charge under the clause of metering, the quantity of 500 gallons and below shall not be charged but when it is over 500 gallons, it shall be charged as if it were 1,000 gallons

18 All complaints regarding the accuracy of the reading or the non-receipt of slips referred to in rule 16 supra should be made in writing to the President or Vice President within the 10th of the month concerned, after which no complaints will be entertained

19 Any owner or occupier of a house or property having a water connection who may suspect or dispute the accuracy of the measurements indicated by water meter, may apply to the President or Vice President and have the meter tested on payment of a fee of rupee one per test If, on actual test the quantity registered by the meter exceeds 10% of the correct quantity, the fee will be refunded to the party concerned, otherwise it will be credited to the Municipal Funds

20 The Municipal Council reserve to itself the right to test any meter for its own satisfaction at any time Due notice shall however, be given to the owner or occupier of the house or property concerned

21 If, on examination, any meter is found to be out of order and consequently not registering correctly, the consumption during the period since the last reading till the meter is repaired or a new meter is attached shall be calculated at the average daily consumption of the last registered period during which, in the opinion of the President or Vice President the meter was registering correctly and the consumption of water was not for any reason abnormal

22 The President, Vice President or their authorised agent may, at all reasonable times, and with the permission of the owner or occupier, if permission be refused aterf giving six hours notice, enter any premises in which there is a water connection in order to inspect and examine or repair the same

23 The President, Vice President or their authorised agent shall have the power to cut off connection between the private pipes and the public main in any of the following cases

(a) in default of payment of the water rates and ohter charges due under the rules, on any bill presented within 15 days after the same shall have been demanded in writing or presented

(b) if any house owner or occupier who is suppled with water shall use or permit the use of waterfor purposes in violation of the conditions on which the connection is granted provided that 5 days previous notice is given in writing

(c) in cases of leakage of pipes or other defects in the private service, likely to cause loss to the Municipality provided that 48 hours notice is previously given

(d) if water is allowed to run to waste after the owner or occupier has been warned against allowing such waste by a printed or written notice of six hours or such shorter period as the President or Vice President deems fit

(e) in any case of broken pipes or fittings causing loss of water likely to cause damage to property when such written notice as may be possible shall be given

(f) in any case of refusla to allow the President, Vice, President or their authorised agent to enter on any land or building for the purpose of inspecting service pipes, fittings etc , after six hours notices.

24 The Bye-laws 2,3,4,5,6,7 and 20 stated above shall apply to public street foundains which have been or may be allowed to be erected at the expense of the private individuals for dedication to public use, and such fountains shall be further subject to the following conditions -

(a) that their number is strictly restricted by the bona fide public requirements of particular localities which shall be decided by the Municipal Council,

(b) that they are not placed closer to any other public fountain than the minimum prescribed distance of 200 feet

(c) that their free and unobstructed use at all hours by the public for the use for which they are intended, is duly safe-guarded

25 Any person whose house connection is stopped for non-payment of dues or leakage etc , mentioned in Rule 23 x should pay a fee of Re 1/- for reconnecting the same

26 The Municipality reserves to itself the power, whenever it deems fit, to alter or modify the foregoing rules or to abolish altogether the system of house connections established thereunder or to stop or to reduce the supply to any private attachment or any public fountain without assigning any reason whatsoever

27 Any person infringing any of these bye-laws shall be liable to be punished with a fine not exceeding fifty rupees on conviction before a Magistrate
